

## Murphy Joins Congressional Albanian Issues Caucus

I am proud to announce my membership in the newly formed Congressional Albanian Issues Caucus, chaired by Congressman Eliot Engel and Congresswoman Jean Schmidt. This group was formed to focus on issues concerning Albania in the Balkans, and those of Albanian-Americans here in the United States. Connecticut is home to thousands of residents with Albanian origins, including an especially vibrant community in Waterbury where I have always been warmly welcomed. I value many Albanian-Americans as friends and I look forward to more fully engaging with them as a member of the Albania Caucus in Congress.
